## EKREM ELBASAN

For a long time, I have worked on various projects as a back-end web developer. My expertise spans web development, REST APIs, and diverse databases and frameworks. I am particularly confident in using Java, the Spring framework, and SQL. Additionally, I'm always eager to explore new tools and technologies.

### EMPLOYMENT

---

<b>Full Stack Developer, Intern</b>	<b>Onbiron Bilişim Teknolojileri</b>	<b>July 2024 – August 2024</b>
-------------------------------------	--------------------------------------	--------------------------------

- Developed a fully functioning web-based task management application using **Java Spring** and the **Vue.js** framework, with authentication provided by **JWT**.
- Developed an object detection application using **WebSocket** for real-time data transfer and **YOLO** for object detection. Trained new models tailored to specific requirements.

<b>Backend Developer, Part-Time</b>	<b>TED University</b>	<b>August 2023 – May 2024</b>
-------------------------------------	-----------------------	-------------------------------

TEDUApp

- Reduced database update time by integrating an external API into a **Java Spring** application, automating the entire update process.

<b>Web Developer, Intern</b>	<b>TURBOARD</b>	<b>July 2023 – August 2023</b>
------------------------------	-----------------	--------------------------------

- Actively participated in Agile software development for Business Intelligence applications, contributing to the creation and enhancement of BI tools.
- Worked as a web developer, playing a key role in the development and implementation of BI software through regular sprints and iterative improvements.

### EDUCATION

---

<b>Ankara</b>	<b>TED University</b>	<b>Fall 2021</b>
---------------	-----------------------	------------------

- B.S.E. in Computer Engineering with Secondary Field in Applied Data Analytics (100% Scholarship), **GPA: 3.11**

<b>Ankara</b>	<b>Ankara Pursaklar Fen Lisesi</b>	<b>Fall 2017 - Summer 2021</b>
---------------	------------------------------------	--------------------------------
