10/2025	**MSc in Computer Science** University of Regensburg
09/2021 – 07/2025	**BSc in Computer Engineering** TED University **GPA: 3.14**, 100% scholarship, Secondary Field in Applied Data Analytics

SKILLS

Programming Languages: Java, SQL, Python, C, JavaScript

Tools & Frameworks: Java Spring, Git, Vue.js

Languages: English, German

Certificates: IELTS (Overall Band Score: 7.5), TELC B1

PROJECTS

AI-Powered Retirement Planning Tool: Collaborated in a team of five to develop a chatbot that assists users in planning their retirement, leveraging multiple **AI agents** and Retrieval-Augmented Generation **(RAG)**. I was primarily responsible for building the RAG pipeline and creating in-depth benchmarks to evaluate its performance. I also presented key decisions based on the benchmark results.
